MedNOW Clinics, Denver is hiring a part time to full time family medicine physician to see traditional family medicine patients four to five days per week. Patients are typical for a family practice, mostly in the age range of 16 to 85. Patients will present with problems such as acute illness and injury, as well as chronic conditions such as diabetes, hypertension, high cholesterol, men's and women's health issues, mental health concerns and skin concerns. Plus so much more! There is no on-call requirement and no obstetrical or hospital care.

MedNOW Clinics Denver offers its patients on-site EKG's, pulmonary function testing, and integrated behavioral health services with a full-time mental health therapist on-site! Physical therapy services and X-ray services are provided internally at MedNOW Clinics' Aurora location.

Our new provider will have his/her own individual and private office/workspace and will work with another full-time physician provider as well as two full-time mid-level providers. The provider will use AthenaHealth and will be expected to see from 18 to 24 patients per day.

In addition, MedNOW Denver offers numerous procedures to patients including routine skin care procedures, trigger point and steroid joint injections, hyaluronic acid joint injections, platelet rich plasma injections, Probuaphine, naltrexone, hormone and Implanon implants, and Botox, Kybella and Vivitrol injections. Our new provider may choose to offer any, all or none of these procedures, and may do other procedures if he or she desires, such as vasectomies, IUD placements, endometrial biopsies, etc. One of our providers has a robust addiction medicine panel and our new provider may choose to provide addiction medicine services as well. Some addiction medicine services are provided through our affiliates, www.StopAtTwo.com and www.ARCHDetox.com.

MedNOW Clinics Denver is owned by MedNOW Clinics, Inc., an Aurora, CO-based company which offers a full range of benefits to its physician employees including a competitive compensation package with production bonuses, up to 4 weeks of paid vacation, an annual CME allowance, health/dental/vision insurance, liability/malpractice insurance and a matching 401k plan.

MedNOW Clinics, Inc. also offers a robust tele-health platform, allowing our providers to see patients not only in face-to-face visits but also through tele-health consultations in Colorado and at least 7 additional states, including Arizona, New Mexico, Wyoming, Iowa, Illinois, Nebraska and Kansas. Our new provider will have the option of providing services through the tele-health platform.
